Peter Pellerito, President of the Wawashkamo Golf Club, reported that Wawashkamo is 125 years old this year. He presented a brief history of its beginnings and stated that the club's membership has now grown to 141 members with a four member staff. He then asked Phil Porter to update the Commission on the plans for new construction at the Golf Club.

*Citizen
Appearances
and Public
Comments*

Phil Porter, Wawashkamo Golf Club board member, reported that their fundraising efforts have been successful, much of its success he attributed to Richard and Jane Manoogian for their generous contribution. He stated that the new construction was necessary to accommodate its growth and will provide:

- Much needed space for member lockers
- Housing for staff
- Space dedicated to the battle on August 4, 1814 during the War of 1812.

Mr. Porter thanked the Commission and presented them with a copy of his book, "The Charming Gentlemen of the Game of Golf".

Mr. Pellerito concluded the report by inviting the Commissioners to a series of events to celebrate Wawashkamo's 125 years as well as reminding them that they are honorary members of the club and are always welcome to enjoy a round of golf.

Chairman Loepp stated that the Commission will go into closed session to discuss legal memoranda as authorized by section 8(h) of the Open Meetings Act.

Director's Report
September 2023

Attendance softened in August, and we are currently nearly dead even with last year, up just .66%, overall. Fort Mackinac, by far our most visited site, is up .1%. Colonial Michilimackinac is down 4%; Old Mackinac Point Lighthouse is down 6%; and Historic Mill Creek is up 27%. While the Mill Creek percentage is good, overall attendance is only 19,000 compared to Fort Mackinac's 160,000. We also had to close Mill Creek in August last year, due to staffing shortages, further skewing the numbers. Retail sales at our six museum stores have continued to do well this year, with an increase of 8% over 2022.

Governor Whitmer led the ceremonial groundbreaking for the Milliken Nature Center on September 1. She noted in her comments why she had requested that the new center be named in honor of Governor Milliken. Spence Brothers Construction began moving materials to the island earlier that week, and construction officially began on September 11. The plaza was closed to the public that same day, and we have worked with both Mackinac Island Carriage Tours (Brad Chambers) and Jack's Livery (Dale Gough) on rerouting horse-drawn traffic. The public can still access the viewing platform.

Several complaints have come to me regarding helicopter noise at the airport. It has been assumed that most of the helicopters are those operated by My Flight Tours. There were also unsubstantiated reports that they were flying out of their established flight path. On August 28 Park Manger Myron Johnson, pilot Dr. Bob Spitzer (who informally advises us on airport issues), and I met with representatives of My Flight. They presented us with GPS tracking for all flights, confirming that they have never varied from their flight path. In addition, on any given day, we have determined that there are numerous other helicopters using the airport. Dr. Spitzer also had additional concerns about overall safety protocols which are being addressed by My Flight.

On August 8 we were informed by the U. S. Coast Guard that all shipments of "dangerous cargo" was forbidden to be received at our British Landing Dock. The identified material includes liquid chlorine for the city's water treatment plant and propane, used by various private businesses. The Coast Guard took this action because we had never filed a Facility Security Plan (FSP). However, we had never been instructed to do so. We, city officials, Arnold Freight, and various other affected parties were shocked by this sudden action. I responded to the Coast Guard immediately. Johnson and I have had several meetings with city officials and the other impacted parties. The Coast Guard rejected our request for a face-to-face meeting, but we have had ongoing discussions with them. We have engaged a private firm to develop the FSP by the end of the month. As part of this, Johnson will be designated a facility safety officer and complete a two-day training course. In

the meantime, we are working with the Coast Guard to approve temporary waivers for receiving critical materials.

Museum Programs

Per the Strategic Plan, a staff committee has completed its review of the Adventure Tour at Historic Mill Creek Discovery Park. Based on our findings, we will be ending the program at the site and the infrastructure will be removed over the off season. This was a difficult decision. However, the attendance at the site has declined to the point that it is lower than it was prior to the introduction of the Adventure Tour in 2008. Staffing for the program is extremely expensive and is not sustainable. I will present further background and initial plans for the site's future at the meeting.

The Michigan Historical Commission, at their August meeting held on Mackinac Island, formally approved the Bonga historical marker. Director Sandra Clark noted that the foundry that produces the markers has a backlog but was confident it will be ready by next spring. I'm pleased to report that the Mackinac Associates has agreed to cover the full cost. We will work closely with the governor's office over the next few months to determine the best time for the dedication.

Several new afterhours special events and tours were presented throughout the season at both Colonial Michilimackinac and in Mackinac Island State Park. In addition to the popular Fire at Night events, a new program, Moonlit Michilimackinac, allowed visitors to explore Colonial Michilimackinac in the evening, interacting with interpreters discussing nighttime routines not often demonstrated during daytime hours. Naturalist Kyle Bagnall led after hours programs on Mackinac Island, including a well-attended hike to Fort Holmes to view the blue supermoon in late August. Kyle also led a bike tour of Mackinac Island State Park's "forgotten features" such as the deer park and Fairy Arch, while Craig Wilson led a bike tour of island sites related to the War of 1812.

The Fort Mackinac Never Sweats triumphed over the Portland Blue Sox, 21-17, in the twenty-first annual Vintage Base-Ball game on July 29. A large and enthusiastic crowd of "cranks" cheered on the home team, under the leadership of manager Dominick "Cubbie" Miller. The special event is held on Michigan's oldest continually used ballfield behind Fort Mackinac.

The 65th annual archaeological excavation at Colonial Michilimackinac wrapped up on August 19. Curator of Archaeology Dr. Lynn Evans and her five-member crew have put the site to bed, after another successful season. Work on this particular site, House E of the Southeast Rowhouse began in 2007. Evans will now shift focus to the processing of this year's finds.

Under the direction of Evans and Curator of Collections Brian Jaeschke we are about to enter the second year of the three-year project to inventory, rehouse, and document older objects in the archaeological collection. Two assistants, Caitlin VanWie and Isabella Wikle, were hired to complete the project, and have made good progress over the spring and summer. As reported last September, the project is funded by a \$172,000 federal grant from the Institute of Museum and Library Services.

The above is an example of the ongoing investments made in the preservation of both our historical and archeological collections. Growing the collection is another important aspect, as you know through your regular approval of additions to the historical collection. The staff Collections Committee met in July and are recommending a wide variety of additions, which are on the meeting agenda.

Park Operations

Special funds for the painting of the Governor's Summer Residence were advanced to us by DNR, and will be reimbursed by the Department of Technology, Management, and Budget to the department next year. This allowed the project to commence in August, rather than having to wait until next spring. We were also able to have the funds directly transferred to us under our revenue bond spending authority, further streamlining the process. St. Onge Latex & Groove was awarded the process and it is underway.

We are pleased to report that at the Governor's request, the original dining table was returned to the Governor's Summer Residence in late August. The table is original to the 1902 cottage and had been in the house until it was removed in 2012, when it was transferred to the historical collection. Painter Mark Bunker refurbished it prior to it going back.

Powers Construction completed their work on Phase II of the Merchandise Warehouse in Mackinaw City in August. We await gas hookup and final inspections but expect the building to be ready to receive store goods by this fall. The facility will greatly increase our efficiency in merchandise processing.

Crack sealing and paint marking were completed at the airport in late July and early August. In addition, Johnson and I met with a representative of Prein & Newhof to strategize the rebidding of the hangar. This includes MDOT advancing additional funds and hopefully being able to use the concrete plant that will be on the island for the water treatment project next spring. The project will hopefully be rebid within the next few months.

In July, Johnson and I met with Dr. David Lowenstein from MSU Extension regarding lilac borers and the potential threat to trees in Marquette Park.

Monitoring traps have been placed throughout the area this summer. The program was arranged by the Mackinac Island Tourism Bureau, who have also assembled volunteers to assist with the care of lilac trees in Marquette Park.

Marketing

Media coverage continued to be strong throughout the main operating season. The sites, as usual, have been receiving regular coverage from *The St. Ignace News*, *Mackinac Island Town Crier*, *Mackinaw News* and *Cheboygan Tribune*.

The automobile ban events on the island drew positive coverage from TV 7&4 (who sent a reporter to cover), *Crain's Detroit Business*, The Auto Channel, and the *Monroe Evening News*. MLive and *The Sault Ste. Marie Evening News* provided coverage of the Vintage Base-Ball game while 9&10 News livestreamed it. The Milliken Center groundbreaking and Arch Rock plaza closure has received coverage from the *Petoskey News-Review*, WCMU, and a couple of stories from the *Detroit Free Press*.

Our historic sites and parks have been featured on Fox 17 out of Grand Rapids, numerous times on MLive, numerous times on TV 7&4 and 9&10 News, *Family Destination Guide*, *A-Z Animals*, *The Family Vacationist*, WPST-FM, *Outside Magazine*, The World Pursuit Blog, *Travel & Leisure Magazine*, *The Alpena News*, *The 'Gander'*, and others.

Additionally, staff have been interviewed on 9&10 News, hosted media to fire the cannon at Fort Mackinac, a documentary film crew at Colonial Michilimackinac, and a Grand Rapids-based writer at Colonial Michilimackinac and Old Mackinac Point Lighthouse.

Under the direction of the Group Travel Coordinator Cassondra Boothroyd, group travel season numbers increased into the fall with cruise ships at Fort Mackinac and Diamond Tour groups at Colonial Michilimackinac and Old Mackinac Point Lighthouse.

Administration

Due to our vacancies in the accounting unit, we engaged Maner-Costerisan of Lansing to assist in our 2024 budget preparation. Our staff Budget Committee consisting of Chief Curator Craig Wilson, Chief of Marketing Dominick Miller, Membership and Development Coordinator Michelle Walk, and me conducted hearings with unit managers in early August and began preparing data to forward to the firm by mid-August. The resulting budget will be presented for your approval at the meeting.

I'm pleased to report that S&P Global Ratings has raised our long-term bond rating to A+ from A, with a stable outlook. The upgrade reflects improved financial performance with larger surpluses realized in the two most recent audited fiscal years, gradually growing financial resources, and very strong additional support from the state for capital improvements.

Auditor Doug Wohlberg met with accounting staff and others on two separate visits in late July and early September. Again, due to the vacancies, we wanted to get a jump on audit preparation. Wohlberg was very pleased with the status of our financial reporting and staff have been able to meet all his requests for information. Accounting technicians Lori Thornton and Judy Elmore have done an exceptional job in this interim period in administering the financial side of our operation.

Our annual employee recognition event was held August 10. Eighteen individuals were honored for outstanding service in four categories. An additional seven employees were recognized as part of a team award. Receptionist Mara Goetz-Froeschke received the Gregory J. Hokans Award; Mainland Interpreter Lawson Mann received the Phil Porter Visitor First Award; and Curator of Interpretation LeeAnn Ewer received the Director's Award.

We interviewed candidates for the position of chief of accounting in late August and offered the position to Dana Stempky of Cheboygan. Dana comes with decades of solid accounting experience, including 29 years with the Cheboygan County Road Commission. She is scheduled to begin on October 2. We will fill the vacant accounting assistant position after Dana's arrival. Paul McKerverey of Cheboygan joined the island Park Operations staff as a maintenance mechanic in August.

Governor Whitmer and her husband Marc Mallory hosted a reception for the house tour docents on August 23 at the residence. The governor expressed her appreciation for the volunteers and how pleased she was to bring the program back this season. Three Thousand Four Hundred Twenty-Eight (3,428) guests took part in the tours this season, an increase of 120 compared to 2019.

Mackinac Associates

The Laframboise High Donor Reception was held at the home of former commissioner Mary Callewaert on July 30, with nearly seventy members in attendance. The event provides us with an opportunity to thank our most generous contributors.

Seventy members attended the Mackinac Associates Annual Meeting on August 12, held at Wawashkamo Golf Club. Club Historian Phil Porter presented a talk based on his recent book, and guests had a chance to try traditional hickory stick clubs. At the business meeting outgoing members Jeb Burns, Natalia Wohletz, and Kathy

Lieder were thanked for their years of service on the board. Erin Burns and Shannon Westblade were elected to fill two of the vacancies.

At their board meeting on August 25, the organization approved their 2024 budget including over \$300,000 in project funding to Mackinac State Historic Parks. Wendie Keen was nominated and elected to fill the third vacancy on the board. Officer elections were also held. Todd Callewaert was elected president; Skip Young, vice-president; Nancy Porter, secretary; and Brian Bailey, treasurer.

Staff on the Road and In Service

In August and September Miller presided over Circle Michigan board and committee meetings; attended Mackinac Arts Council board and committee meetings; attended a Mackinac Island Tourism Bureau board meeting; and attended Michigan Museums Association board and committee meetings; Brian Jaeschke and I attended the Association for Great Lakes Maritime History annual meeting in Ludington September 7-9. I served as president and Jaeschke served as conference co-chair. Brian gave a presentation on the history of Straits of Mackinac railroad car ferry ice breakers at both this meeting and on August 26th aboard the *SS City of Milwaukee* car ferry in Manistee, Michigan.

MACKINAC ISLAND STATE PARK COMMISSION (MISPC)

USE PERMIT APPLICATION and PERMIT

NAME: Jack Barnwell

Return completed application and fee to: Mackinac Island State Park Commission, P.O. Box 370, Mackinac Island, MI 49757-0370

Term of the Permit: Two Years Permit Fee: \$100.00 New or Renewal

Legal Description of Land:
Description Attached.

A section along the Lake Huron shore on Mackinac Island near British Landing beginning at the north border line of the Use Permit to James J. Bogan, Jr. and going north 85 feet.

Reason why Permit is needed: **To formalize a long-standing tradition of allowing limited boat parking on the beach near British Landing.**

Proposed use of land: **To provide boat parking on the beach for British Landing area residents.**

PERMIT WILL BE SUBJECT TO THE FOLLOWING CONDITIONS AND REQUIREMENTS:

- 1) Unless sooner terminated, this permit shall expire on October 1, 2025
Payment in the amount specified above shall be included with this application.
- 2) Requests for permit renewals should be made thirty days prior to the expiration date of this permit. Failure to comply with the stipulations in this permit may result in revocation of the permit and/or denial of a request for renewal of the permit.
- 3) The rights accruing under this permit shall not be assigned or transferred without the written consent of MISPC.
- 4) MISPC reserves the right to grant rightsofway and easements of any kind and nature over and across said premises and to grant or exercise all other rights and privileges of every kind and nature not herein specifically granted.
- 5) MISPC reserves the right to dispose of any portion of the premises herein described during the term of this permit. If possible, proper notice of sale or disposition will be given permittee. However, failure to notify permittee will not affect this right.
- 6) Permittee shall not change, alter, modify or increase the use of the permit premises in any way beyond the use specified above without the express written approval of MISPC.
- 7) Permittee shall maintain the area under permit in good repair, and in a clean, orderly and attractive appearance. Permittee shall not commit, cause or allow to be committed any waste of, or injury to, said premises or any part thereof. If the area under permit is not kept in good repair and orderly condition, or if the external appearance of the area or structures or the use of the area under permit is changed without permission of MISPC, that upon notice of that fact, the Permittee shall immediately take whatever action is required to repair, restore or maintain the area and any structures on it. In the event that this is not done, MISPC may contract with parties willing to do the necessary work or perform the work themselves. An amount equal to one hundred and twenty-five percent (125%) of the costs incurred by MISPC will become a charge upon the Permittee and shall be payable within 30 days. In addition, if the full amount is not paid within 60 days, it may be considered a breach of the terms of this permit and the permit may be terminated.

Improvements maintained by the permittee on said premises and not removed within 30 days after cancellation or expiration of this permit shall become attached and remain a part of the premises, or, in the alternative, MISPC may request that the improvements be removed and, if not removed within 30 days of the request, MISPC may remove all or part of the improvements. Permittee hereby agrees to reimburse MISPC for the cost incurred at an amount equal to one hundred and twenty-five percent (125%) of any removal.

- 9) Permittee shall indemnify and hold harmless the State of Michigan, its departments, divisions, agencies, sections, commissions, officers, employees and agents, from and against all losses, liabilities, penalties, fines, damages and claims (including taxes), and all related costs and expenses (including reasonable attorneys fees and disbursements and costs of investigation, litigation, settlement, judgments, interest and penalties), arising from or in connection with any of the following:
 - (a) any claim, demand, action, citation or legal proceedings arising out of or resulting from the performance of the work, duties, responsibilities, actions or omissions of Permittee;
 - (b) any claim, demand, action, citation or legal proceeding arising out of or related to occurrences that Permittee is required to insure against as provided for in this Permit; and
 - (c) any claim, demand, action, citation or legal proceeding arising out of or resulting from the death or bodily injury of any person, or the damage, loss or destruction of any real or tangible personal property, in connection with the performance of services by Permittee, anyone directly or indirectly employed by Permittee, or by anyone for whose acts Permittee may be liable; provided, however, that this indemnification obligation shall not apply to the extent, if any, that any claims, demands, actions, citations or legal proceedings are caused by the negligence or reckless or intentional wrongful conduct of the State of Michigan, its departments, divisions, agencies, sections, commissions, officers, employees or agents.
- 10) In any and all claims against the State of Michigan, or any of its departments, divisions, agencies, sections, commissions, officers, employees and agents, by any employee of Permittee, the indemnification obligation under this Permit shall not be limited in any way by the amount or type of damages, compensation or benefits payable by or for Permittee or any of its subcontractors under workers disability compensation acts, disability benefits acts, or other employee benefits acts. The duty to indemnify will continue in full force and effect notwithstanding the expiration or early termination of this Permit with respect to any claims based on facts or conditions which occurred prior to termination. The provisions of this section shall survive the expiration or termination of this Permit.
- 11) Permittee and occupants are responsible for the payment of all utility bills including water, electricity and gas, etc.
- 12) Permittee agrees to comply with all requirements herein, and if for any reason permittee violates or neglects to fulfill such requirements, this permit shall terminate and permittee shall forfeit all rights and payments made hereunder. Should permittee remain in possession of said premise after cancellation or expiration of this permit, said permittee shall be considered as tenant or tenants holding over without permission and may be evicted from said premises.

I HAVE READ THE CONDITIONS GOVERNING THIS PERMIT AND AGREE TO ABIDE BY THEM IN THE CONDUCT OF MY OPERATIONS UNDER THIS PERMIT.

cancellation or expiration of this permit shall become attached and remain a part of the premises, or, in the alternative, MISPC may request that the improvements be removed and, if not removed within 30 days of the request, MISPC may remove all or part of the improvements. Permittee hereby agrees to reimburse MISPC for the cost incurred at an amount equal to one hundred and twenty-five percent (125%) of any removal.

- 9) Permittee shall indemnify and hold harmless the State of Michigan, its departments, divisions, agencies, sections, commissions, officers, employees and agents, from and against all losses, liabilities, penalties, fines, damages and claims (including taxes), and all related costs and expenses (including reasonable attorneys fees and disbursements and costs of investigation, litigation, settlement, judgments, interest and penalties), arising from or in connection with any of the following:
 - (a) any claim, demand, action, citation or legal proceedings arising out of or resulting from the performance of the work, duties, responsibilities, actions or omissions of Permittee;
 - (b) any claim, demand, action, citation or legal proceeding arising out of or related to occurrences that Permittee is required to insure against as provided for in this Permit; and
 - (c) any claim, demand, action, citation or legal proceeding arising out of or resulting from the death or bodily injury of any person, or the damage, loss or destruction of any real or tangible personal property, in connection with the performance of services by Permittee, anyone directly or indirectly employed by Permittee, or by anyone for whose acts Permittee may be liable; provided, however, that this indemnification obligation shall not apply to the extent, if any, that any claims, demands, actions, citations or legal proceedings are caused by the negligence or reckless or intentional wrongful conduct of the State of Michigan, its departments, divisions, agencies, sections, commissions, officers, employees or agents.
- 10) In any and all claims against the State of Michigan, or any of its departments, divisions, agencies, sections, commissions, officers, employees and agents, by any employee of Permittee, the indemnification obligation under this Permit shall not be limited in any way by the amount or type of damages, compensation or benefits payable by or for Permittee or any of its subcontractors under workers disability compensation acts, disability benefits acts, or other employee benefits acts. The duty to indemnify will continue in full force and effect notwithstanding the expiration or early termination of this Permit with respect to any claims based on facts or conditions which occurred prior to termination. The provisions of this section shall survive the expiration or termination of this Permit.
- 11) Permittee and occupants are responsible for the payment of all utility bills including water, electricity and gas, etc.
- 12) Permittee agrees to comply with all requirements herein, and if for any reason permittee violates or neglects to fulfill such requirements, this permit shall terminate and permittee shall forfeit all rights and payments made hereunder. Should permittee remain in possession of said premise after cancellation or expiration of this permit, said permittee shall be considered as tenant or tenants holding over without permission and may be evicted from said premises.
